

sortaSum

```
public int sortaSum(int a, int b) {  
    int number = 0;  
    if ( (a + b) >= 10 && (a + b) <= 19 ) {  
        number = 20;  
    }  
    else {  
        number += (a + b);  
    }  
    return number;  
}
```
