

luckySum

```
public int luckySum(int a, int b, int c) {  
    int sum = 0;  
  
    if (a == 13) {  
    }  
    else if (b == 13) {  
        sum += a;  
    }  
    else if (c == 13) {  
        sum += (a+b);  
    }  
    else {  
        sum += (a + b + c);  
    }  
    return sum;  
}
```
