

Sum of Numbers

```
Module main()  
    Declare Integer number  
    Set number = 0  
    Declare Integer sum  
    Set sum = 0  
  
    While number % 2 == 0  
        Display "Enter a positive number "  
        Input number  
        Set sum = number + sum  
    End While  
    Display "The total number of positives are ", sum, "."  
End Module
```
